Vehicle Affidavit

Generally, the parking permit applicant is not only a resident of the Registered Permit Parking Area, but also the registered owner of the vehicle for which the permit is issued. If the applicant is **NOT** the registered owner of the vehicle, then it must be demonstrated to the New London Parking Authority (Authority) that the vehicle is under the complete control of the applicant. The objective of this procedure is to assure that each resident is able to secure a parking permit for that vehicle which is serving as the applicant's primary transportation. In the event that the information provided on this affidavit does not satisfactorily demonstrate to the Authority that the vehicle is, in fact, under the applicant's sole control, the applicant may be required to furnish such proof of that control as this office may deem necessary; until such time as that proof has been presented to Authority, no permit shall be issued for that vehicle.
